***SET BUILDING HAS BEGUN AND WE ARE DESPERATELY IN NEED OF HELPERS.***

***You don't necessarily have to be a brilliant joiner. Strong people who can heave heavy 'flats' around are specially welcome as are those who have no fear of heights and are prepared to climb the steps to slap some paint on the walls whilst the small people paint the rest. It can be very rewarding when you see the finished product and you can further reward yourselves afterwards sharing a drink with the rest of the crew at the Markeaton.
